*AYS is a leading provider of before- and after-school programs in central Indiana, and we are excited to welcome your family to the fun! AYS is the best way for kids to learn, grow, play, and stay safe in the environment you already trust: at your school.*

Kids love AYS. Their friends are here. They have structure, but also get choices as they explore literacy, math, science, and art through fun games, hands-on projects and crafts.

AYS offers daily academic time and helps over 3,000 children each year develop their social skills through teamwork and community service.

Healthy habits not only give growing bodies what they need, but also support developing brains. Nutritious snacks and drinks will be served, and active, physical play in the gym or outside is offered daily. AYS is open on all regular school days.
